OpenVMS VAX March 1997 Online Documentation Library Master Index

This master index lists the products for which documentation is included on the OpenVMS VAX Online Documentation Library discs, as well as products that have been removed since the last issue:

Table Number	Description
Table 1-1	Lists all products included on the March 1997 Online Documentation Library CD-ROMs.
Table 1-2	Lists products that have been removed from the March 1997 Online Documentation Library CD-ROMs. It also provides the CD number from the <i>December 1996</i> issue of the Online Documentation Library. To retain a copy of the documentation for any of these removed products, be sure to keep the indicated CD from the December 1996 release.

The columns in Table 1-1 and Table 1-2 contain the following information:

Column Name	Column Contents
Product Name	The name of the product.
Vers	The version number of the product.
UPI	The unique product identifier.
CD	The number of the disc on which the product is located.
Status	NEW indicates a new addition to the CD-ROM. UPD indicates an update since the last issue. REM indicates a removal since the last issue. A blank space indicates no change.
Category	The documentation category bookshelf under which a product appears in the Bookshelf Navigation Utility (BNU).

A Note About Document Versions and Product Versions

In some cases, the product version numbers listed in Table 1-1 may not coincide with the version numbers of the books on the disc. However, the online documentation does support the current shipping version of the product.
